Young of Howard was the niftiest player on the Howard line though it will be hard to find another center of "Big Red" Dabney's type. Young seemed to be the best snapper back of the season. Claybourne of Hampton, owing to his gigantic size, played wonderful guard. Hucles of Union seemed to be the best quarter. He has only one point on Midget Harvey of Hampton, and that is on drop-kicking, but for generalship they are fifty fifty. Rigney of Hampton with a new machine at Richmond could not show much form, but he played excellent ball in the Lincoln, Virginia and Howard games. Taylor of Union played excellent end and was especially good on the aerial route. Puryear of Union seemed to be the battery of Robinson's machine. Gregory of Union was the best half of the season. Ridgley of Lincoln played a great game, while Wood of dampton made a show just as good, but I sacrifice Wood for Ridgeley because 75 M. M. Wood did not play in the Union game. Brackens of Tuskegee did not have a change to meet the big eastern elevens and I have given him second all-American.

The capital city lads were outplayed at every point. This was the first practice game and the Hamptonians took advantage of it by passing the ball and doing all-round team work.
